

## ANTI-SIPHON DEVICE

# Prevent Fuel Theft

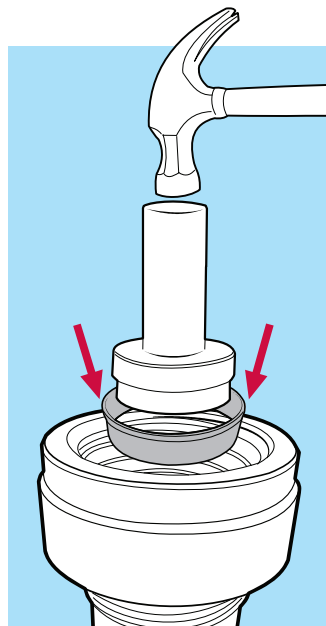

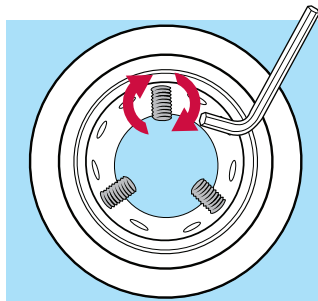

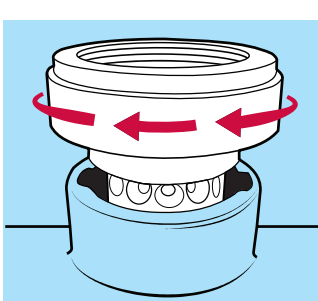

The problem of thieves siphoning fuel from vehicle tanks is on the rise. Scania's anti-siphon device could save you a lot of trouble and expense.

- Prevents siphoning from the fuel tank.
- Able to handle the higher diesel pump filling speeds of up to 120 litres per minute without splash-back or welling.
- Fits a 60mm tank neck on 4PRG-series.
- Easy to fit and can be transferred to another vehicle if required.
- Works with the original Scania fuel cap.
- Already fitted to some of the UK's biggest fleets.

**£73.50**  
PN. 1910366

## The most effective anti-siphon device on the market

### Simple & Secure Fitting

- The Scania anti-siphon device is supplied with all necessary fittings and clear illustrated instructions.
- Fitting is simple and the device fixes firmly and securely to your existing tank neck.

**Available from your local Scania Service Point**
